ABOUT ME

I am a passionate and self-motivated web developer with a keen interest in creating responsive and user-friendly websites. I focus on writing clean code and continuously improving my skills through hands-on projects and learning. My goal is to contribute to innovative web solutions while growing both personally and professionally in a collaborative environment. You can explore my work through my portfolio website, which reflects my dedication to quality and creativity.

EDUCATION

2023- 2027
RT. University

Bechelor of Technology

I am currently pursuing a Bachelor of Technology (B.Tech) from 2023 to 2027, focused on building a strong foundation in technical and analytical skills.
This program is preparing me for a successful career in the technology field through practical learning and problem-solving approaches.

2022 - 2023
Govt.s.s. school

12th

Passed Class 12th in 2023 with 68.40% from RBSE (Rajasthan Board), Science stream. This laid the foundation for my interest in technology and problem-solving.

FRESHAR

Frontend Web Developer

I am currently pursuing training to become a Frontend Web Developer, focusing on building responsive and interactive websites using HTML, CSS, JavaScript, and React.

Backend Web Designer

I am currently working on backend development, focusing on building efficient and scalable server-side applications.
My work involves using Node.js and Express.js to create RESTful APIs and manage databases like MongoDB.
Through hands-on projects, I am gaining strong practical experience in backend logic, data handling, and API integration.

SKILLS
